

Red Group

PM - Mrs Flora

Red Group have settled into the new term very well, we have been busy making friend, being creative and developing our physical skills.

During this term we have looked at road safety and using our imaginations during play to embed this learning.

Red Group have been strengthening their gross and fine motor skills in nursery by using various tools in the mud kitchen and sand, to dig, fill and empty. Also using spray bottles, sponges and brushes to keep our babies in the bath squeaky clean.

The children have had lots of fun learning this term.
