

# Yellow Group

Mrs Nixon

Yellow Group have returned and welcomed new friends into the group. We have been forming friendships, sharing our ideas and exploring our feelings with each other to help us communicate, share and take turns.

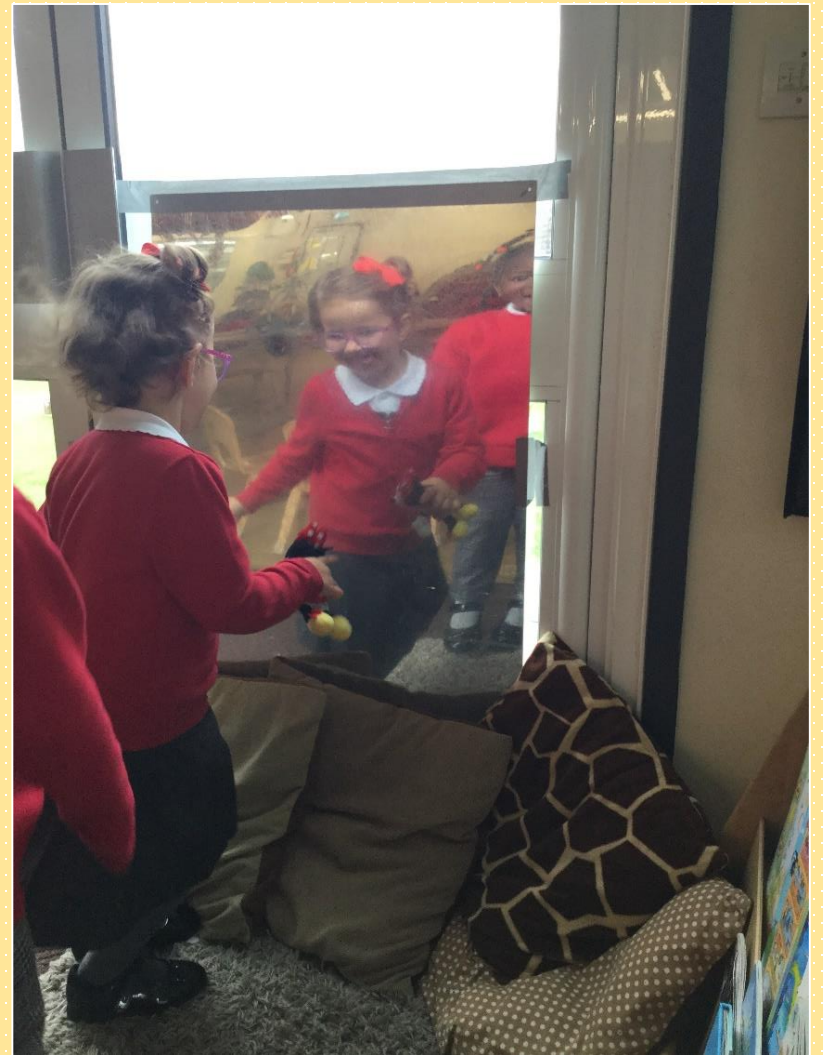

We have been playing indoors and outdoors and exploring our wider environment by going to Forest School to explore nature and Autumn.

Indoors we have been mark making with pens, chalk and paint, exploring colours with multimedia materials and technology, enjoying music, block construction, sharing books and exploring our feelings through different materials.

Outdoors we have been to Forest School to explore signs of autumn and collecting apples, gardening with Lucy, using tools and following instructions to plant onions and beans and we completed a sponsored bike ride.
