

Animal Man

We have had a special visit from the Animal Man this term. He brought along a variety of different animals - a gecko, a bearded dragon, an owl, a scorpion, a snake and a skunk.

The children had a turn to stroke each animal and share how they thought it felt and to have a look up close.

Mother's Day

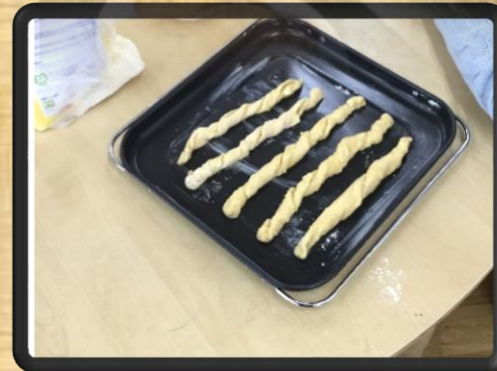

Thank you to the Mums who came to attend our Mother's Day assembly. We shared a special story and song. The children gave out their Mother's Day cards, biscuits and a daffodil to their Mums.

Tasty Tuesday - cooking

As part of our curriculum, the children have been taking part in different cooking activities weekly to support tasting new food and textures, finding out their own likes and dislikes.

At nursery this term we have made cheese twists, pizzas and biscuits all in our new air fryer!

The children in orange room love to cook!
Cooking is an enjoyable activity that supports children's learning and development in many of ways, it helps develop fine motor skills through mixing, pouring and measuring. Meanwhile, it also supports mathematics such as counting, weighing and observing changes in the ingredients.

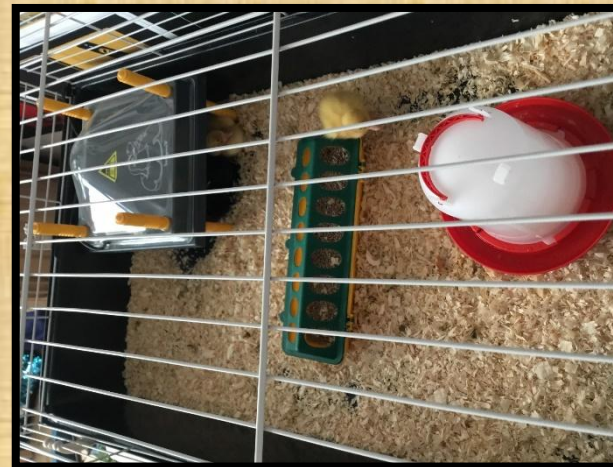

Tasty Tuesday - Cooking

Duckling's

At nursery this term we have had some very special visitors ...
Duckling's !

We watched them hatch and grow into beautiful ducking's ,
colours of yellow and brown.

Ellie - The Music Lady

Every Monday we have a very special visitor who comes into nursery who organises some very fun music activities.

Through singing , movement and playing instruments, children improve listening skills, rhythm, coordination and memory!

Most of all music brings joy and excitement, creating a fun and enriching learning environment

Allotment with Lucy!

We have had a wonderful opportunity this term to spend some time in the allotment with Lucy, learning about the natural world in a hands-on and engaging way. We have been planting different plants and making sure they have been watered.

Gardening also supports the development of fine motor skills, encourages team work, and provides a calming sensory - rich experiences .
