

We are Yellow Group

Inside nursery...

We have settled back in with our old friends and made new friends. We have been exploring new activities independently and alongside friends. We are learning to follow the instructions, use 'Please' and 'Thank you' and we are learning to share with our friends. We are enjoying role play, painting, fine sand play, dough play, mark making and books with puppets.

Outside nursery...

We are enjoying the garden space to move around freely by walking, running or by car or bike. And we are learning to balance and climb on the big climbing frame and slide down the curly slide. We are exploring different activities like building with bricks, exploring printed rollers in sand, musical instruments and mark making.

Forest School

Gardening with Lucy

We have also been gardening with Lucy, collecting tomatoes, digging, planting and watering strawberry plants. In the forest we explored the environment, found apples, collected sticks, yellow leaves and green grass or leaves and put them in the sorting circles and we had a running race.
